

IMPORTING “P” AND “D” FILES INTO A PADS LIBRARY

Open the PADS Library Manager.

Select the Library you want to import into from the Library drop-down box.

Click on the DECALS button.

Click on the IMPORT button.

Browse to the “D” file you want to import, select it, and click the OPEN button.

Click on the PARTS button.

Click on the IMPORT button.

Browse to the “P” file you want to import, select it, and click the OPEN button.

Congratulations! You have just added a new part to your PADS library.
